

SIAA Industry Development Grants

Introduction:

The Space Industry Association of Australia (SIAA) has allocated an annual amount from its budget to support member activities that align with the SIAA's mission of promoting and assisting the development of a viable and self-sustaining Australian space sector.

There will be two categories of funding:

1. Grants of up to \$2,500 to support **periodic industry-related events** including, but not limited to, conferences, workshops, seminars and other meetings
2. **One-off competitive grants** of up to \$2,000 to support special space-related projects, events and activities open to organisations and individual members of the SIAA.

Both categories of funding will be allocated via a competitive process to ensure that the grants generate value in at least one of the following priority areas:

- Promoting and building the Australian space industry
- Supporting Australian space research
- Supporting future workforce development

Eligibility:

Only SIAA members can apply for a grant.

Proposals will be assessed according to the extent to which they:

- Are aligned with one or more of the priorities identified above
- Return the maximum impact for the Australian space industry and SIAA members and
- Demonstrate good value for SIAA members

Procedure:

- Funding will normally be allocated by the SIAA Board twice yearly
- Applications will be assessed by the SIAA Board against the stated criteria
- The SIAA Board reserves the right to request further information about a proposal and to conduct interviews
- If insufficient applications are received, or applications are deemed not to meet a sufficient standard, the Board reserves the right not to make an allocation
- All decisions are final
- Written proposals can be submitted on-line at:
http://www.spaceindustry.com.au/grants/grant_application.php
and must include the following information:
 1. SIAA member details
 2. Title of the project
 3. Project description (max 200 words)
 4. Describe the benefit for the Australian space industry and SIAA members (max 200 words)
 5. How will you promote your activity? (max 100 words)
 6. What is the total cost or budget of your project? How much are you requesting from the SIAA and how will it be spent?
